

Technical data

Max. voltage	60Vdc
Max. load	72W / 3A
Distribution box on secondary side	Yes, with 6 outputs
Cable	15 cm 2 x 0.75
Dimensions distributionbox	L: 59 mm, W: 38 mm, H: 11 mm
IP rating	IP20
Insulation class	Class II
Material	Plastic
Warranty	2 years
Approvals	CE

Product information

- Terminals are connected in series
- If the quick connector is mounted on a Nordtronic driver, blue on plus and brown on minus

Item no.	EAN no.	Colour	Type
1879	5704629018792	White	Quick connector

NB: Always use cables of a type approved for permanent installation according to the current legislation. If the cables are in contact with the lamp cover, use cables with an operating temperature of at least 70° C.
